

Southeast Minnesota & Western Wisconsin Regional Science and Engineering Fair State Participant Awards

Middle School Awards

Seagate Emerging Scientist Award- Henry Gathje

Seagate Excellence in Science Mentoring Awards recognizes outstanding science teachers who find creative ways to nurture students' interest in research and discovery, going above and beyond the classroom to promote science education and encourage students to engage in hands-on projects outside the classroom. The winner for a teacher of more than 11 years is **Patty Gurholt, LaCrescent-Hokah Middle School, Southeastern Minnesota.**
